

## COUNCIL WILL NOT IMPROVE STREET LIGHTS

Borough Council decided, at its June meeting Monday night at the fire engine house, to make no changes at the present time in the ornamental lights of "The White Way" because of the increased cost should new lights be installed.

This action came after the report of a survey of street lighting in Gettysburg had been submitted by Councilman Kenneth Johns, chairman of the Utilities Committee. The council's action was in line with a recommendation of the committee that no changes be made in the ornamental lights at the present time.

Johns reported that there are 48 lights of this type in the downtown business section. They were installed 25 years or more ago, he said. They were originally equipped with reflectors, which he said were later removed.

### Losing Much Light

"According to the survey, we are losing 20 percent of the light," Johns said, "but the only way the Metropolitan Edison Co. will install new lights is to put in ones of 10,000 lumens lighting capacity. The present ones are 4,000 lumens. The brighter lights would cost the borough an additional \$1,584 per year."

The present light standards are 14 feet in height, Johns said. New

## 20 DAYS OF RAIN HERE IN MAY; HAD WET WEEK ENDS

With rain falling on 20 of the 31 days last month—including all of the five week ends—May went into local weather reports with a surplus of nearly an inch of rain but with a below normal average temperature.

May's rainy week ends brought to 17 the total of rainy week ends since January 1 in Gettysburg. Only five have been rainless. Rain fell on five week ends in May, three in April, four in March, three in February and two in January. January had two rainless week ends and February, March and April, one each.

### 8.77 Extra Inches

Temperatures averaged 60.4 degrees but normal is 61.9 degrees, making an average daily heat shortage of 1.5 degrees. The average daily high reading was 71.55 degrees and the average low 49.23 degrees. The highest reading for the month was 84 degrees and that point was reached on May 6 and 28. The morning of May 1 was the coldest with a low of 39 degrees.

May's excess of rainfall brought to 25.44 inches the total rainfall here so far this year. Normal is 16.67 inches so that Gettysburg now has accumulated an excess of 8.77 inches for the first five months.

The weather report from the Arden station shows the average temperature there last month was 59.4 degrees with extremes of 84 and 30 degrees. Rainfall there totaled 5.27 inches which was 1.02 inches above normal and four inches above last May. The accumulated rain there for the first five months is 25.41 inches which is 8.33 inches above normal and 9.16 inches above last year. May rains did not come near a record at Arden station where in 1942 the month of May saw 7.71 inches and May, 1950, received 7.6 inches.

## UPPER ADAMS WOULD ADMIT NEW DISTRICT

The Upper Adams Joint School System has passed a resolution admitting the upper portion of Huntington Twp. into the Upper Adams joint school district.

The resolution was revealed in a petition filed today by Attorney John L. Sweezy for the residents of the upper Huntington area asking permission of the Adams County Court to revise the original petition entered by upper Huntington asking establishment as an independent school district.

Sweezy asked that an extract from the minutes of a meeting of the Upper Adams School board dated May 19, 1952, be admitted as an exhibit with the original petition. The extract states: "Be it resolved that upon formation of an independent district of Upper Huntington Twp. and upon proper application with terms agreeable to the joint board of Upper Adams the proposed independent district of Upper Huntington be admitted into the Upper Adams joint school system."

### Follows Recent Hearing

The move followed a recent hearing in which the court pointed out that some proof would be needed that Upper Huntington would be a part of Upper Adams if it became an independent district. At that time it was questioned how a school district could legally enter into an agreement with another district that did exist and at the same time how upper Huntington could justify its arguments that independence would give it a better school system if it could not prove it would be part of a larger system.

The petition to remove a paragraph from the original petition and enter the exhibit of the Upper Adams resolution was permitted by the court.

An opinion will be handed down later by the court on matters of constitutionality of the law under which the independent district is sought and other questions involved in the proposed creation of the independent district.

## BOROUGH WILL SEEK NEW BIDS FOR ROAD ROLLER

Borough Council Monday night, at its meeting in the fire engine house, voted to reject bids received for a new road roller, and re-advertise, because one bid opened Monday night did not contain an allowance for the borough's old roller. It was pointed out that the legal advertisement did not mention such an allowance but asked only for prices on a new one.

The Allied Equipment Co. of Harrisburg submitted a price of \$7,850 delivered in Gettysburg, for a new ten-ton Galion gasoline-powered roller, with scarifier and sprinkler system. The price quoted was \$9,120, with an allowance of \$1,270 for the borough's old roller.

The American Equipment Co., Mechanicsburg, quoted a price of \$8,000 for a similar type Huber roller, FOB Gettysburg, but the bid made no mention of an allowance for the old roller.

The latter firm also quoted prices on two used rollers, a 1951 Huber at \$7,000 and a 1948 Huber at \$5,200, but the committee recommended that consideration be given only to a new roller. The committee was directed to advertise for bids again.

### To Increase Insurance

The property committee was authorized, after a discussion of insurance coverage on borough property, to take out additional coverage on the fire engine house, its contents and the contents of the borough garage.

Councilman James S. Shenk, chairman of the committee, said the borough now has \$23,600 in insurance on the engine house, \$5,500 on contents and \$1,000 on the old Silsby steam fire engine. He was authorized to add \$16,000 to the engine house coverage and another \$16,000 to the contents. The inventory of the latter showed a value of \$26,000, he said.

The borough garage is now insured for \$6,000, and this was considered ample. However, the contents, inventoried at \$18,000 have only \$1,000 coverage. The committee was authorized to increase this by \$16,000.

### May Change Meters

The Safety Committee and the borough solicitor, Atty. Eugene V. Bulleit, were authorized to re-draft amendments to the parking ordinance to take care of discrepancies in amendments adopted at the May meeting. Councilmen said "no parking" signs erected on S. Washington St. had been removed pending the drafting of new amendments and adoption by the council.

The Safety Committee postponed recommendations on parking meters until after a forthcoming police convention, when it said several types of meters will be on display. The committee plans to visit the convention and see the meters. John Fox, chairman, said. Complaints have been received against the present meters, he added.

The council adopted a recommendation of the Safety Committee that one parking space on Lincoln St. be reserved for a fire engine.

### May Widen Street

A letter was read from Reginald W. Deitz, S. Hay St., claiming that an alley in the rear of his property, ordained by the borough with other streets in this new Hamme development, was impassable during rainy weather. Borough Engineer LeRoy H. Winebrenner was directed to place stone on the alley.

The sewer committee recommended that a letter be sent to Glenn L. Bream, owner of property at Springs Ave. and West St. notifying him that the borough will ordain an additional width of street on West St. if he will give the land for this purpose, but will not construct a wall along the property on the west end of the property. Mr. Bream had offered the land to widen the street if the borough would build the wall.

Notices were ordered sent to the following property owners or locations directing installation of curbs or sidewalks within 30 days: 201 Hanover St.; Gettysburg Dairy, N. Washington St.; Lloyd Durbarow, Reynolds St.; Ralph Butt, Reynolds St.; Elmer Snyder, Elm St.; Lutheran Seminary, Elm St.; Glenn C. Bream, Elm St.; a property on S. Washington St. unnamed in the recommendation of the street committee.

### Giver \$500 To Band

Council also authorized the purchase of a new machine for painting white lines on the streets for traffic and parking, at a cost of \$339 delivered. The old machine, it was reported, is worn out.

Council voted a donation of \$500 to the Blue and Gray band. George Olinger, member of the band, appeared before council to request aid and cited increased expenses due to the purchase of new uniforms. He said the band also is in need of some new instruments. Forty-three new uniforms were purchased at a cost of \$50 each, he said. The band has a waiting list of 15 at the present time. It will accompany the Gettysburg Fire Department in a number of parades this summer.

## Allies Refuse To Surrender Red Prisoners Against Will

MUNSAN, Korea (AP)—Maj. Gen. William K. Harrison today told Communist truce negotiators the U. N. Command will not drive captured Reds "to you at the point of a bayonet."

He declared at today's fruitless armistice session:

"The attainment of an armistice is now prevented only by your inhuman demand that the U. N. Command force prisoners of war to return to a way of life so repugnant to them that they prefer death in its stead. . . . The United Nations Command will not drive personnel to you at the point of a bayonet."

### Reds' Won't Budge

North Korean Gen. Nam Il refused to budge from the Red position that all prisoners be returned, by force if necessary.

"The next step in the armistice negotiations is wholly up to your side," Nam added.

At Communist insistence another session was scheduled for tomorrow at Panmunjom at 11 a. m. (9 p. m. Tuesday EST).

Harrison again suggested the Communists observe a re-screening of captured Reds. Nam declined.

### Repulse Red Probes

SEOUL, Korea (AP)—Eight groups of Chinese riflemen pecked at United Nations defense along a five mile sector of the Korea Western Front in pre-dawn darkness today.

A U. S. Eighth Army staff officer said Allied artillery beat back all probes of the groups ranging in size up to 100 men.

The staff officer made no estimate of Red casualties or the possible significance of the concentrated probing attacks.

On the Eastern Front Allied troops west of the Satae Valley reported 1,000 rounds of Red artillery and mortar shells fell on their positions.

The staff officer said that in May the Eighth Army inflicted 10,501 casualties on the Reds, including 5,012 killed.

The U. S. Fifth Air Force reported a "relatively poor morning" for its fighter-bombers as overcast and rain handicapped strikes against Red rail and supply lines.

## YANKEES DROP CLEVELAND OUT OF LOOP LEAD

By JOE REICHLER  
AP Sports Writer

Apparently there is one way to overcome the jinx of pitching a no-hitter—pitch two of them.

That is the formula Allie Reynolds used last year and it has proven most successful.

Unlike such hurlers as Rex Barney, Don Black, Bill McCahan, Ed Head, Dick Fowler, Ewell Blackwell and Cliff Chambers who either suffered an injury, developed a lame arm or otherwise were struck by tough luck after pitching a no-hit, no-run game, Reynolds has been more effective than ever following his two masterpieces of 1951.

### Blanks Indians

The New York Yankee right-hander turned in his best performance of the season yesterday, blanking the Cleveland Indians, 2-0, as he pitched the World Champions into the first division. Allie made eight Redskins die the dust via strikeouts as he surrendered only four hits for his ninth straight complete game.

The defeat dropped the Indians out of the league lead as the Boston Red Sox whipped the Chicago White Sox, 6-2, to take over first place by four percentage points. Sal Maglie of the New York Giants, went down to his first defeat of the season, as the St. Louis Cardinals nipped the National League titleholders, 5-4, to snap Maglie's nine-game winning streak.

### A's Beat Garver

The Cincinnati Reds bowed to Boston's Braves, 4-1, and the pace-setting Brooklyn Dodgers were beaten, 6-1, by the surprising Chicago Cubs.

Philadelphia's rebounding Athletics handed Ned Garver his sixth straight loss as they shaded St. Louis, 2-1, to move past the Browns into sixth place.

Mickey Vernon and Frank Campos batted in two runs apiece as Washington defeated the Detroit Tigers, 5-2.

## Limit TV To Save Amateur Football

NEW YORK (AP)—The "financial pressures" created by television are so great that they may spell the end of amateur football unless they are checked.

That is the conclusion reached by the 10-man National Collegiate A.A. Television Committee which has been working for three months to draw up a football television control program for 1952.

As a temporary measure, the plan, now in the hands of the NCAA members for approval, will limit each college to a single appearance on TV this season. Before next year the committee hopes to develop an even more rigid program of controls.

## Interstate

By The Associated Press

Although slowed down by a losing streak which reached eight in nine games, the Hagerstown Braves aren't giving up their battle to repeat as pennant winners in the Class B Interstate Baseball League.

By sticking together three victories in their last three games the Braves are giving the Wilmington Blue Rocks plenty of trouble as the Delaware team tries to take over the top rung in the standings. Hagerstown pulled up even with last year's playoff champions in the won and lost columns by licking Allentown, 6-4, last night. The win put them eight percentage points behind the Blue Rocks who split a doubleheader with the last-place Sunbury. Wilmington won the opener, 3-2, then dropped the nightcap, 7-5.

Allentown, Harrisburg and Sunbury went into a virtual three-way tie for sixth in the tightly bunched standings. Harrisburg divided a twin bill with Salisbury, taking a 4-0 shutout and dropping a 6-3 night cap decision. Lancaster's Red Roses won their third straight from York in a 12-8 slugfest.

The Oneonta graduates sparked the Senators to a 4-1, 11-10 sweep over the Hartford Chiefs last night as the Red Sox farmhands widened their Eastern League lead to three games.

The second-place Reading Indians settled for a split at Scranton, edging the Miners, 2-1, in 10 innings after dropping the opener, 6-2. The Schenectady Blue Jays climbed to within 13 points of the Indians by tripping Elmira, 6-5. Williamsport and Binghamton were not scheduled.

FIFTY YEARS AGO

Memorial Day: Seldom, if ever, has there been a larger gathering in this historic town on Memorial Day than that of Friday. The old men and the young—those who fought that the nation might live and those who are prepared to fight—old women and maidens, boys and girls, all donned their best attire and turned out to honor the day and its hallowed associations.

The crowd was variously estimated at from eight to ten thousand. The Western Maryland road hauled nearly 4,000 people.

The exercises of the day opened at 9 o'clock, when the Colored School, in charge of the teacher, Mrs. Witherow, veterans and others gathered at the Colored School building, from thence they proceeded to strew the graves of the dead heroes, whose remains rest in the Washington and York Street graveyards. After decorating the graves at the Washington Street yard the procession, marshaled by Lloyd F. A. Watts and preceded by the Colored Band, marched to the York Street yard and decorated the graves of those who slumber there with flowers.

Promptly at 1:30 p.m. the parade, under the chief marshalship of Hon. Theodore McAllister, assisted by Dr. Henry Stewart and Samuel Spangler, began to form. At 2 o'clock the procession began to march to the National Cemetery. When the procession reached Baltimore Hill, the school children, in charge of their teachers, preceded it to the cemetery, marching to taps of the drum, sounded by Master Maurice Bender.

Following was the order of the parade: Public schools, orator of the day and guests in carriages, Grand Army Band, Gettysburg Independent Guard, Boys' Drum Corps, Corp. Skelly Post 9, GAR, and ex-soldiers, Sons of Veterans, Patriotic Order Sons of America, Junior OUA Mechanics, Ladies of GAR.

At the rostrum Rev. Dr. E. G. Wolf was master of ceremonies. Following was the program: Music by the band, prayer by Rev. D. W. Woods Jr., original poem by J. Griffin Hall, of Baltimore, Md., oration by Hon. W. D. Foulke, of Washington, D. C., and benediction by Rev. M. Coover.

Marriages: Boyd-Vantz—May 29, at Mount Joy parsonage by Rev. W. G. Minnick, Jacob A. Boyd to Miss Verbie Vantz, both of Mount Joy Township.

Deardoff-Gallagher—May 28, at Arendtsville, by Rev. D. T. Koser, Ira D. Deardoff to Miss Mary E. Gallagher, both of Franklin Township.

Fidler-Walter—May 29, at the home of the bride, by Rev. D. T. Koser, W. Benton Fidler, of Straban Township, to Miss Nora Belle Walter, of Franklin Township.

Stultz-Overholzer — May 29, in Liberty Township, by Rev. Charles Reinwald, Robert H. Stultz, to Miss Carrie E. Overholzer, both of Liberty Township.

Strasbaugh-Deardoff—May 28, at New Oxford, by Rev. Ferdinand Hesse, Spencer E. Strasbaugh, of Hamilton Township, to Miss Myrtle Deardoff, of Franklin Township.

High School Alumni: The Gettysburg High School Alumni Association held their first annual banquet at the Eagle Hotel, Wednesday evening, May 28, 1952. At 6:15 those present proceeded to the dining room. While seated around the table the following toasts were responded to:

Toastmaster — N. C. Barbeque; greeting to 1902—Annie Welty; our Prospect, James Diller; recitation, Margaret McMillan; reminiscences of school days, Louise Stahle; our boys, Mary Shedd; our girls, Roy Dougherty; our alumni in active life, Miss Helen Cope.

About 1:30 a.m., those present left for their respective homes.

Grand Army Encampment: The thirty-sixth annual encampment of the Pennsylvania Department of the Grand Army of the Republic is again being held here. As early as Saturday, the veterans, their wives and friends began to arrive, but they did not come in large numbers until Monday and Tuesday. The number of visitors in our midst is variously estimated at from 2,000 to 2,500.

The sessions of the Grand Army are being held in Xavier Hall; those

### DIARIES

Among the world's first literary treasures are the diaries of men and women, such as those of Emerson, Thoreau, Dorothy Wordsworth, Boswell, Montaigne and others. Not long ago there was published a single volume edition in America, digested from three volumes published in England, 1938-40, the diary of an obscure Victorian minister by the name of Francis Kilvert—and a wonderful diary it is!

He was an outdoor man who loved the quiet country-side. Here is a sentence from his writing: "I have a peculiar dislike to meeting people, and a peculiar liking for a deserted road." He jotted down every interesting item that hit his fancy. His quaint and honest manner of expression is most evident, and the smallest detail was not beneath his notice.

His love of nature is evidenced by this sentence: "The peewits were sweeping, rolling and tumbling in the hot blue air above the tall trees with a strange deep mysterious hustling and quavering sound from their great wings."

I have read for hours in this Kilvert's diary and although the scenes are all in England and the names of people unknown to me, the talk is so human and delightful that you feel you have the narrator in your home and you listen happily. The complete diary covers the years from 1870 to 1879.

This diary, as any diary can show that is written honestly and with enthusiasm, is proof that any life can be made useful and extremely interesting. This Kilvert diary is the story of a decade and of a simple, intelligent, everyday type of a man who apparently was the friend of all whom he met or served.

Great diaries are stimulating reading. And it is a stimulating thing for anyone to write a diary, even for no further purpose than to express oneself as he pleases, with no thought of ever having one's diary published. Just something to broaden the mind and keep it alert.

Tomorrow Mr. Adams will talk on the subject: "Don't Be Afraid!" Protected, 1952, by The George Matthew Adams Service

## Just Folks

### STILL FRIENDS

We don't agree on many things.  
I'd never wear his ties.  
The pie to him the waitress brings

Is not my choice of pies.  
Although we've many an argument.

The moment that it ends,  
Regardless of the time we've spent,

We always part as friends.

What pleases him, displeases me,  
We've noticed now and then,  
Alike we were not meant to be,  
Except as gentlemen.

A different church from week to week  
Each one of us attends,  
And since the self-same God we seek

We stay the best of friends.

I laugh at him; he laughs at me.  
My ways to him seem strange.  
Where'er we meet we disagree,  
But neither wants to change.

'Tis well that not upon some whim  
True comradeship depends.  
He's fond of me, I'm fond of him,  
And we're the best of friends.

The communion hymn sung by the congregation was "Jesus, Thou Joy." The procession by the choir was "The Church's One Foundation" and the recessional, "Glorious Things." The Sunday bulletins were given by Mr. and Mrs. George C. Dehoff in memory of his parents, Mr. and Mrs. Emmanuel Dehoff.

## ALL-OUT STRIKE CLOSES STEEL INDUSTRY TIGHT

By NORMAN WALKER  
WASHINGTON (AP)—A bitter, all-out strike shut the vast steel industry down tight today and the White House weighed its next peace move in the six-month-old union-management struggle.

Leaders of both the industry and the striking CIO Steelworkers Union suggested renewed contracts talks but neither side proposed a date for negotiations.

Unless the contenders get together soon, it was believed President Truman would take some new action to end the strike—because the walkout is costing the nation and its crucial defense effort 300,000 tons of steel daily.

Has Three Choices  
Truman had about three choices:

1. Sit tight a while to see what the industry and union may accomplish on their own. 2. Invoke the Taft-Hartley Law's 80-day court injunction provisions against a continued strike, or 3. Ask Congress for special legislation to deal with the situation.

A high administration official expressed a personal opinion that Truman would invoke the T-H act, as many members of Congress have demanded. Other Truman advisers reportedly were counseling against this, favoring the appeal to Congress.

The Supreme Court ruled 6-3 yesterday that the President's April 8 order taking over the steel industry was unconstitutional.

Truman Silent  
Truman remained silent on the high court's decision, but Congress members generally applauded it, with some exceptions. Sen. Lehman (D-Lib-NY) for example, viewed the ruling with dismay.

Workers began streaming out of the steel mills across the nation within minutes after the high court acted, even before getting formal strike instructions from Philip Murray, head of the CIO and the Steelworkers Union.

It was the Steelworkers' second strike since their contract expired last Jan. 1. The first walkout

lasted only three days, April 29-May 1.

Barring a quick industry-union agreement, the country seemed in for a steel strike of at least a week's duration.

Any Truman appeal for special legislation probably would face tough sledding on Capitol Hill.

## Niagara Falls Fetes 10,000th Couple

NIAGARA FALLS, Ont. (AP)—Thrills that may never come into their lives again!

That's about the way Mr. and Mrs. W. Eddie Buddemeyer of Pittsburgh, Pa., summed up Monday's celebration at this resort city in honor of them—the 10,000th couple to be awarded the Chamber of Commerce's honeymoon certificate.

Stars from Hollywood added a touch of glitter as Joseph Cotten, Jean Peters and Casey Adams greeted the recently-married couple. Gifts from area merchants and industrialists poured in for the Buddemyers and Mayor E. M. Hawkins tendered them the key to the city.

Hotel Brock officials offered a complimentary three-day stay to the former Army man and his bride.

## New Oxford

NEW OXFORD — Miss Anna D. Hoyer, local dance instructor, is preparing recitals for her pupils, one at New Oxford and the other at Gettysburg.

A number of minor repairs have been made to the premises of the Immaculate Conception Catholic Church and a portion of the parochial school yard to the rear of the church has been restricted with markers against parking there for church services or other purposes.

Miss Frances Robinson, who has been living in Hanover where she has had a position for some time, recently visited her niece, Mrs. Bernard A. Moore, and family.

Children born prior to Jan. 31, 1947, were registered Friday afternoon at the parochial school in preparation for the new class that will begin school work in September.

At the east end of town, along the Lincoln Highway, there has been erected an official road marker reading: "New Oxford, Population 1,400, Drive Carefully, 35 MPH, Police On Duty." The reverse side, read as the motorist drives east, reads,

"Return Without Accident."

George A. Haar has returned after a trip to Canada where he spent much of his time fishing. He was accompanied by a neighbor, Harvey Miller.

Mr. and Mrs. Albert F. Smith recently entertained their younger son, Jack, who is serving with the armed forces in Massachusetts.

The Raymond Felix family, who moved from here to Thurmont, Md., several months ago, have been at the home of her parents, Mr. and Mrs. John E. Kaiser, near town. Mrs. Felix was formerly Miss Joan H. Kaiser.

## Fine To Fight For FEPC Again In '53

HARRISBURG (AP)—Gov. John S. Fine says he intends to fight again for a Fair Employment Practices Commission in the 1953 General Assembly.

Fine appointed a special 12-man voluntary industrial race relations committee over the week end. He said it will serve as "a vehicle for educating the public for the enactment of legislation" outlawing job discrimination because of race, creed or color.

Fine backed FEPC legislation in the 1951 legislature in an effort to fulfill a pledge in the 1950 Republican campaign platform. The FEPC bill passed the House but died in a Senate committee.

Samuel Daroff of Philadelphia was named chairman of the committee which embraces industry, labor, state and public representatives.

Fernandez' brother, Joseph, 18, was on the shore, Wroblewski said, firing over the water with a .22 calibre rifle, when one of the bullets ricocheted from the water and struck Klingerman in the spine.

Held by Commissioner Henry P. Carr for a further hearing were John Rupert, 47, of Pottstown; Russell Minischi, 19, Norristown; and Sam Pontino, 32, and James DeWitt, 18, both of Bridgeport, Pa.

# BRITISH MP'S BARRICADE RED RADIO IN BERLIN

By RICHARD KASISCHKE  
BERLIN (P) — British military police threw a barbed wire barricade around Russian - operated Radio Berlin today and besieged that Communist island inside the Western section of the divided city.

The surprise dawn action caught a guard of about 20 Russian Tommy-guns inside the big Red brick building in the middle of the British sector of the former German capital.

British and German police on guard around the barbed wire barricade announced to both Russian and German civilian station personnel that anybody inside the building could come out but that

nobody would be allowed back in. Protests On Seizure

The British action—taken after consultation with American and French occupation officials—apparently was in retaliation for Communist seizure of several small areas on the fringes of West Berlin which lie just inside the Russian occupation zone but had been administered by the West.

The Reds grabbed these little areas during the week-end for incorporation or evacuation in order to create "security belts" with which they are sealing off free Berlin from the surrounding Russian occupation zone.

British Commandant Maj. Gen. C. F. C. Coleman last night protested to the Russians over these seizures.

Onlookers Pleased

A few hours later, at 3:30 a. m. the British MP's began their sealing off operation.

The Red radio continued broadcasting this morning, sending out mostly musical recordings. These

# Delay Decision On GI Bill Of Rights

WASHINGTON (P) — The House has put off until Thursday a vote on a GI bill of rights for those in military service since the start of the Korean War.

Rep. Springer (R-Ill) objected to consideration of the measure yesterday under a rule which limited debate to 40 minutes and required the bill be accepted or rejected as presented.

He said he wanted to propose knocking out a provision that the government pay directly to veterans lump sums covering all tuition fees, books and other education expenses in addition to subsistence allowances. This is the major difference from the World War II GI bill.

Many onlookers expressed glee that the Allies finally had moved against the Red radio. West Berliners long have hated it, especially when it continued its outpourings during the 1948-49 blockade with which the Russians tried to starve the Western-held part of the city.
